

SHORT-TERM JOINT STAFF TRAINING EVENT

Creative Danube through joining the higher education staff in built environment & spatial development
Activity: C1

Teachers' and Other University Staff's Call

LEADING ORGANISATION	DANUBE UNIVERSITY KREMS https://www.donau-uni.ac.at/
DURATION	11-13 th March 2020
LOCATION	KREMS AN DER DONAU, AUSTRIA
PROJECT	CREATIVE DANUBE: INNOVATIVE TEACHING FOR INCLUSIVE DEVELOPMENT IN SMALL AND MEDIUM-SIZED DANUBIAN CITIES https://danubian-smcs.uauim.ro

INTRO

This first short-term joint staff training event aims at connecting university teachers of the participating organizations in **an exchange of experiences**, which will include elaboration of the **teaching methods and formats** in the field of inclusive development in small and medium-sized Danubian cities, lead to achieving new theoretical methods and guidelines through an **innovative and cross-disciplinary body of knowledge** and make it possible to adapt to the complex changes in the actual post-industrial SMCs along Danube. According to their profile, teachers will acquire an active role in developing their educational resources using intelligent methodologies and formats. This collaborative process of creating the teaching material will allow to register the common problems within the SMCs and to bring on appropriate solutions.

TARGET GROUP Teachers involved in C1 SP-HESHORT – Short-term will be active in teaching/ learning/training activities and intellectual outputs, in order to get an input by preparing the teaching materials and tasks for the students. In addition, there will be also participation in the post-processing Intensive Program at the home universities, by evaluating the teaching laboratories.

EXPECTED RESULTS

- a) Teaching material based on the real problems/situations, which will be tested during the planned teaching laboratory;
- b) A common approach (a tool for teachers) for interdisciplinary teaching: new teaching methods (O1);
- c) Underline the innovation, regional specificities in built environment teaching methods and formats;
- d) Methodological framework, which will be implemented in the three Intensive programs for higher education learners (structure of a teaching module week).

ELIGIBILITY

A successful applicant should be:

- Involved in teaching of theoretical and/or practical disciplines related to the development of urban environment;
- Interested in innovation in university education;
- Capable of trans- & cross-disciplinary approaches;
- Concerned about the inclusive and balanced development of the Danube corridor;
- Sensitive to the problems, particularities and opportunities for the development of small and medium-sized cities.

NUMBER OF PLACES 4

APPLICATION Send an Europass or compatible CV to:

Ružica Pavlić, IRO, University of Belgrade – Faculty of Architecture,
Email: ruca@arh.bg.ac.rs
