DANUBIAN SMALL & MEDIUM CITIES

INTENSIVE PROGRAMME Sensing and Mapping the City Activity: C3

Call for Teaching Staff

WORKSHOP ORGANISER	TECHNICAL UNIVERSITY VIENNA – Institute of Spatial Planning & SIMLAB https://www.tuwien.at/en/
CONSORTIUM	UAUIM Bucharest, BME Budapest, TU Wien, DU Krems, STU Bratislava, UNS Novi Sad and UB Belgrade
DURATION	5 days; October 12-16 2020 (Monday-Wednesday)
LOCATION	VIENNA, AUSTRIA (The pilot site is Seestadt Aspern Neighbourhood in Vienna)
PROJECT	CREATIVE DANUBE: INNOVATIVE TEACHING FOR INCLUSIVE DEVELOPMENT IN SMALL AND MEDIUM-SIZED DANUBIAN CITIES https://sites.google.com/view/danubian-smcs/home
INTRODUCTION	<p>SENSING AND MAPPING THE CITY: Just until recently, the task of mapping geographical phenomena was reserved for cartographers and other experts, who had access to the needed equipment (telescopes, sextant, theodolites, etc.) and expertise. Nowadays, facilitated by the wide prevalence of smartphones and other connected devices, it became inherently easy to find out our position and share it with others. The British-American cartographer Michael F. Goodchild coined the term “Volunteered Geographic Information”, created and distributed by non-trained users using the possibilities provided by technological innovations such as Web 2.0.</p> <p>The workshop deals with modern possibilities of creating and sharing geographical information, going beyond simply drawing phenomena on a map, adding multiple visual (GoPro) and sensory (Electrodermal activity) features to the shared information. In addition, participants will be able to learn and assess methods and tools to visualize the data and share them online. A main result of the workshop week will be the elaboration of a common project website, containing all the information acquired and prepared during the workshop.</p> <p>The 35 student participants will be assigned into 12 groups of 3 people each, with one or two teachers assisting the group, though not leading the team. Each group will focus on one assigned topic related to VGI and alternative data collection techniques, which will be subsequently tested, analysed and reviewed in a common blog.</p>

CONDITIONS

The eligible DANUBIAN_SMCs participation is 5 full workdays, between 12th October and 16th October 2020, excluding travel days, + contribution to the DANUBIAN_SMCs database of evaluated materials (delivering digital files of the presentation and of any other document presented at the meeting).

The Intensive programmes for higher education learners will be held in English.

OBLIGATIONS OF PARTICIPANTS

Active participation in the teamwork, discussions and summary sessions of the Intensive Study Programme.

Feedback about the impact of the Intensive Study Programme activity.

Submission of the presentation-publication-exhibition materials following the instructions of the DANUBIAN_SMCs contact at your institution.

Submission of the travel documentation to the faculty according to the university regulations.

PROCESS SELECTION CRITERIA

The university candidates must submit online their materials, following the DANUBIAN_SMCs university guidelines. Their submission by the **September 7, 2020, 23:59 CET** means that they accept the DANUBIAN_SMCs conditions and that they apply for the DANUBIAN_SMCs Erasmus+ grant.

The selection will be done online based on the submission of the applicant CV and INTERVIEW.

CV: The selection will be done online based on the submission of the applicant Europass CV in English, max. 2 pages. The Intensive Programmes will be held in English; therefore attendees must have a good command of the English language (upper-intermediate level).

The CV had to be submitted as a PDF document, named as Name_Surname (for example: John_Doe).

The applicant Dossier will be sent to contact person:

- **Ružica Pavlić**, IRO, University of Belgrade – Faculty of Architecture; Email: ruca@arh.bg.ac.rs

INTERVIEW: A short e-interview via TEAMS application will be conducted if the number of applicants exceeds available places (more than 3 applications). The purpose of the interview is to clarify the details of the submitted application. The interview will be preliminary held on Thursday, September 10, 2020.

Members of the Committee of Selection:

- **Aleksandra STUPAR**, Dr., professor, and
- **Ana NIKEZIĆ**, Dr., associate professor.

TARGET GROUP

3 members of teaching staff per each partner university based on CV submission ranking.

Teachers involved in C3 Intensive Programmes will be active in teaching / learning / training activities and intellectual outputs of the project, in order to get input by preparing the teaching materials and tasks for the students. In addition, they will also participate in the post-processing Intensive Programme at the home universities, by evaluating the teaching laboratories.

** A reserve list of max. 2 teachers will be created in the case of additional positively evaluated submission or in case some of the selected ones are unavailable for the Intensive Programmes.*

EXPECTED RESULTS

- Teaching material based on the real problems/situations, which will be tested during the planned teaching laboratory;
- A common approach (a tool for teachers) for interdisciplinary teaching; new teaching methods (O1);
- Discussion on intellectual outputs;
- Underline the innovation, regional specificities in built environment teaching methods and formats;
- a methodological framework, which will be implemented in the Intensive programmes for higher education learners (structure of a teaching module week)

ELIGIBILITY

A successful applicant should be:

- A member of teaching staff (professor, associate or assistant professor or teaching assistant) at the University of Belgrade;
- Involved in the teaching of theoretical and/or practical disciplines related to the development of the built environment;
- Interested in innovation in university education, capable of trans- and cross-disciplinary approaches;
- Concerned about the inclusive and balanced development of the Danube Corridor; and
- Sensitive to the problems, particularities, and opportunities for the development of small and medium-sized cities.

COST COVER GRANT HOLDERS

Selected applicants will be considered Erasmus+ grant holders. The refund cannot exceed the unit costs determined by the European Commission for Romania according to the Erasmus+ guideline and DANUBIAN_SMCS approved budget **922 Euros per participant** (Travel Grant: 180 Euros; Grant (for accommodation): 742 Euros (5 working days + 2 days travel). Furthermore, the budget management had to meet the legislation of the Republic of Serbia and the University of Belgrade.

The applicants must consider the fact that the grant might not entirely cover the transport and accommodation costs. An additional personal budget must be considered.
